

Brisley Cricket Club

- Brisley played six 20:20 matches last year and it was great to see so many people attending the barbecues and enjoying the good weather.
- Last season we continued to work hard on the ground and pavilion, building a carport to cover the roller.
- The wicket has been reloaded and reseeded to improve the playing surface.
- This year there will be a further six matches but also three ladies matches
- Having received a grant for £6000 for ladies cricket we have purchased new kit for them but are also upgrading the inside of the pavilion. This will include rewiring, installation of new toilets and hand basins, hot water, redecoration and carpeting.
- Following the damage to the boundary fence, we will shortly be replacing the entire fence with the help of Richard Savoury.
- Cricket clubs are bottomless pits for money. Before each season even starts we have costs of around £1500 to find including utilities, lawn mower servicing, insurance and square maintenance.
- We will continue with the now famous Brisley quiz nights, to be held twice a year in conjunction with the village hall committee.
